Yes, we need the money to help the people, small business and health but to rape the American people of their hard earner money to fund illegals, bridges to no where and special interest groups is criminal plain and simple. And the people that forced this upon the American people must be held accountable. We all need to sent our Congressional Representatives and Senators a post card simply stating "*NO MORE BAILOUTS AND RE-ALLOCATE THE FUNDS ALREADY IN THE STIMULUS BILL. WE WILL BE WATCHING YOU.*" This PUBLIC NOTICE needs to go ever member of the U.S, Congress, Republican, Democrat, Socialist and Green Weenies. And guess what? The money is still held up by the incompetent government bureaucrats. Here is some facts for you to think about, The American population: 330,483,530, Stimulus bill: \$2,200,000,000,000. Dividing the Stimulus by the population is \$6,051.74. The government could have given every person over \$6,000, but instead will give \$1,200 to adults under a certain income. Wanna know where a big percentage of your tax dollars will go?

PORK IS IN WHITE! My View in Yellow !

\$300,000,000 for Migrant and Refugee Assistance pg 147. Call it what you want but it is still to fund illegals and California is also funding illegals, oops politically incorrect, more of our tax dollars well spent. \$300 MILLION, let that sink in for a first class migraine.

\$25,000,000 for Cleaning supplies for the Capitol Building. it's on page 136 - You can't make this shit up, \$25 MILLION buys a lot of toilet paper. but, given the people we are dealing with it may be justified.

\$20,000,000,000 to the USPS, *\$20 BILLION. Maybe it's to offset the cost for the sweetheart deal with Amazon, you think? He's a big Demo funder.* \$30,000,000,000 for the Department of Education stabilization fund. *\$30 BILLION is a lot of Oinks. But it will keep the teachers union happy so they can continue to donate money to the Democrat/Socialist.*

\$492,000,000 to National Railroad Passenger Corporation (Amtrak) pg 167 - AND

\$526,000,000 Grants to Amtrak to remain available if needed through 2021 pg 168 and hidden on page 174 the Secretary has 7 days to allocate the funds & notify Congress - What are the odds it doesn't go unspent. A total of 1.018 BILLION DOLLARS to be paid before anyone is the wiser!

\$10,000 per person for student loan bailout. WTF - So how many will be funded? What is the total amount? This is open ended and could easily cost well over ONE OR TWO BILLION DOLLARS OR MORE. A little sneak you think? Buying vote in our dime!

\$100,000,000 to Nasa. And who knows why? \$300,000,000 to the Endowment for the Arts - Because???? \$300,000,000 for the Endowment for the Humanities - Because no one even knew what it was essential. \$15,000,000 for Veterans Employment Training - Because the GI Bill isn't enough. \$25,000,000 for Transit Infrastructure pg 169 - \$25 BILLION. Is this like the California gas tax money where no one knows where it is going? \$3,000,000 Maritime Administration pg 17 - What happened, only \$3 MILLION??? \$200,000,000 to Safe Schools Emergency Response to Violence Program. School are closed or did they miss that! \$300,000,000 to Public Broadcasting National Public Radio. A government sponsored Democrat/Socialist radio station, like CNN, NBC and CBS along with Google and Facebook are not enough Karl Marks' cyber brainwashing appurtenances clogging the airways. \$500,000,000 to Museums and Libraries. Yes, we need to support the museums and libraries, but how does this help with the current crisis? \$720,000,000 to Social Security Administration. But only 200 MILLION is to help people, the rest is for admin costs. \$520 MILLON more Oinks. \$7,500,000 to the Smithsonian for additional salaries. Are they hiring? Who is working? Who is visiting? More PORK and Oinks. \$35,000,000 to the JFK Center for performing Arts??? They have no shame. \$25,000,000 for additional salary for House of Representatives While almost 20-million American have lost their jobs the BAFFOONS line their pockets. \$3,000,000,000 upgrade to the IT department at the VA. \$3 BILLION ! Is this going to be like the Obamacare software fiasco? \$315,000,000 for State Department Diplomatic Programs. WTF \$95,000,000 for the Agency of International Development. This is to get them in the funding cycle because the Airlines are going to need billions in loans and grants. \$1,000,000,000 Airlines Recycle and Save Program pg 163 - Don't have a clue what this is for but \$1 BILLION is a lot of PORK? \$25,000,000 to the FAA for administrative costs pg 165. No clue why or what for \$5,000,000 Community Planning and Development pg 175 Another PORKER, \$5 Million who gonna notice? \$2,500,000 Public and Indian Housing pg 175. \$2.5 MILLION for 565 American Indian Tribe and only a part of it since it must be shared with Public Housing, Wow! But, \$9 MILLION for the Senate "Chump Change" fund, \$300 MILLION for illegals and \$25 MILLION for congressional toilet pape. and so many other PORK projects. While thousands of Native American live in substandard housing without running water, electric city or adequate healt care. where the American Indian Tribes are on the political food chain. But, they will blame the GOP and continue to vote the Democrat/Socialist.

If this doesn't get your blood pressure up nothing will or you may be part of the problem. But I don't think so, simply because if you have read to this point you're not a liberal. For me and millions of other hard working Americans, we have had enough of the nonsense that has pledged our County. Enough, I'm fed up with the "Political Correctness Bullying" to limit my right to free speech, Christianity and second amendment rights just to start the list. We must stand together and take our Country back from the evils of the Socialist Democrats, liberals and Green Weenies "Transformation of American" agenda. God is giving us a preview of what life in America would be like under the rule of a central government. This is how people live in Socialist Countries. Wide spread panic caused by an irresponsible main stream media that forced the shut down of the entire Nation causing the lose of almost 20-million jobs, food shortages and over two trillion dollars in unnecessary spending of which almost half is self-serving PORK! It's time to say WE HAVE HAD ENOUGH of this politically correctness insanity, illegal sanctuary states & cities, illegals voting, getting financial aid, housing and health care while Americans do without. You don't have to join in any protest, make any speeches or wave the flag. All you need to do is vote for America, freedom and our Constitutional rights. God Bless you and your family.

USA Bureaucratic Shadow Government Exposed

"The SBA has no right to say small Tribal Gaming Businesses are Ineligible for Loans"

President Trump has been clear about the economic impact of the coronavirus pandemic. "Congress said 'any' small business can get paycheck protection for its people.

However the Small Business Administration posted rules last week that essentially eliminates gambling enterprises. The regulations say: "If the purpose of the business is gambling, such as a pair-mutual betting racetrack or a gambling casino, the business is not eligible, regardless of the percentage of gross revenue derived from gambling."

The actions of the Small Business Admiration can be viewed as a positive since it exposes the USA dictatorial Bureaucratic Shadow Government.

is the fact that the Bureaucratic Shadow Government operates independent of any oversight and has been doing so for so long it has become the norm.

from the Small Business Administration is the directives by the Bureaucratic Shadow Government that all nonprofits and tribal governments providing services through contracts and/or grants for the American Indian Tribal Communities are not allowed to pay their employees if they are not able to work because they are under federal and state government orders to "Stay At Home."

Here is how the program is "Congress enacted the Tribal businesses, including

sands of Americans that rely on gaming businesses for their livelihood."

The gaming association said it's a much larger question than just casino jobs because so many other businesses rely on the industry, supporting some 350,000 jobs with some \$52 billion in revenue in construction, manufacturing, retail and wholesale companies.

Last month the National Indian Gaming Association asked Congress to consider at least \$18 billion for the industry. "Providing the means for tribal governments to continue paying all employees' salaries and benefits will immensely help this country recover," according to the letter addressed to Representatives Deb Haaland and Tom Cole of the House Native American Caucus. The association says the tribal gaming industry employs 700,000plus people and generated \$37 billion in 2017.

Ironically in the April 1, 2020 publication of the American Indian Reporter we warned that although the intent of Conhands of the public and small businesses the government bureaucrats would be charged with the task of implementing it. And as predicted it's nt getting done.

The Celebration of Passover or Pesach!

This editorial was originally published April 4, 2007 in the Orange County Register

"Why is this night different from all other nights?" Thus, at sunset today, begins the ritual of questions during the Seder meal with which observant Jews start the celebration of Passover, or Pesach, which commemorates the deliverance of the Israelite slaves from bondage in Egypt.

According to tradition, the Israelites were made slaves in ancient Egypt. But Yahweh instructed Moses to demand of the ruling Pharaoh that his people be released. Pharaoh refused, and Yahweh brought 10 plagues down upon Egypt.

The final plague was the death of the firstborn son in every household.

The Jews were instructed to sacrifice a lamb or kid and smear its blood on the house's lintel or doorpost. Seeing the blood, the Angel of Death would pass over that house. After this plague Pharaoh allowed the Jews to leave.

Why do we eat only unleavened bread on Pesach? To remember that when the Jews left Egypt there wasn't time to allow bread to rise, so dough was baked into crackers.

Why do we eat bitter herbs? To remind us of the cruelty the Jews suffered.

Why do we dip our foods? We dip bitter herbs into Charoset made of apples and nuts, which resemble clay for bricks, to remind us how hard the slaves had to

work. Parsley is dipped into salt water; the parsley symbolizes that spring is here, and new life will grow. The salt water reminds us of the tears of the Jewish slaves.

Why do we lean on a pil*low?* To be comfortable and to remind us that once we were slaves, and now we are free.

all it is a celebration of freedom, of the joys and opportunities available when we are not forced to serve others.

The story of the Jewish Exodus from Egypt has inspired countless peoples suffering in slavery or oppression, notably black slaves in America during a shameful part of our history.

It is a reminder to all of us that

In short, Trump's prior initiatives eased the implementation of many of his most effective orders during this crisis. And his general suspicions about China and globalization, his distrust of bureaucratic regulations, his support for domestic production of key industries, his promotion of the interests of farmers and frackers, and his vehement opposition to increased gun control, all re-

fellow citizens.

Trump often loudly and crassly pushed these policies. He fought tooth and nail with his opponents. He replied with nuclear tonnage to preemptive media and political attacks on his person and family.

All that also might suggest that presidents really should start being judged by their actions rather than the degree of mellifluousness of their words-yet another lesson from this time of plague?
