A Brave woman in Portland refuses to let go as Antifa &BLM thugs try to steal
US flag, pull her on the ground by her hair.

Source: **BPR** BUSINESS & POLITICS

There’s always one common element in the videos that showcase the total chaos in the streets of Portland — no police in sight.

The assessment doesn’t include the rare occasions when the Portland Police Bureau decides to draw a line, of course, but it’s hard to believe that 133 days after the death of George Floyd, who may or may not have died from a fentanyl overdose, anarchists and radical left revolutionaries are *still* causing mayhem in the Democrat-run city

It’s also hard to believe that the liberal media continues to ignore the inexcusable behavior, or otherwise run interference for the continued lawlessness, but more on that later.

On Sunday, a protest was held in downtown Portland by conservatives and violent Antifa elements *“came to attack the attendees,”* noted journalist Andy Ngo reported, as he shared a video of a woman of color being attacked over her American flag.

Explaining that the conservative protesters were leaving, Ngo said the mob tried to steal the woman’s flag.

“She refused to let go & they pulled her to ground by her hair. She still didn’t let go,” he tweeted.

Ngo also shared a video from Andrew Duncomb, a black conservative videographer who he noted has been stabbed over the summer.

“Seems like they are trying to finish what they started previously,” Ngo tweeted.

Duncomb tweeted: *“Antifa and BLM supporters attacked my vehicle. Most of them were white. They do not care about black lives.”*

Again, where are the police?

As for the lack of media coverage of the city being under siege, Brit Hume linked to an article by columnist Byron York on the matter.

“Meanwhile, in Portland, the rioting continues. National media are largely silent,” the Fox News senior political analyst tweeted.

Turns out, the violence is still there... but the media coverage has fallen off completely.

A drop off that just happens to coincide with CNN’s Don Lemon sounding the alarm that the lawlessness was showing up in the polls and hurting Democrats.

York noted that during the recent presidential debate, Democratic nominee Joe Biden declared, *“Antifa is an idea and not an organization.”* However, while he was Vice President he called Antifa *“Patriots.”*

An analogy that has seen no push back from the media.

“But in Portland, if Antifa is an idea, it’s an idea armed with window punch tools, pepper spray, throwing knives, a laser pointer, a slingshot, rocks, and more,” wrote York. *“Perhaps if the violence were covered more in the media, Biden would be forced to defend his indefensible claim.”*

A VOTE For Biden-Harris

Is a Vote for The Transformation of America to a Socialist Country

MY VIEW: *Ernie C. Salgado, Jr.,*

You want to pay more taxes

You want to close churches

You want to limit free speech

You want to abolish gun rights

You want a “One-World-Order”

You don’t support home ownership

You want to make Christianity illegal

You want to limit the activities of Christianity

You want replace God with Big Government

You want the Government to provide for all you needs.

You support **killing the unborn**, even minutes before birth

You want **Indian Reservations** to be open to all people in need

You want all people to be equal including the American Indians?

You want the **Government to take private property** in the suburbs to build multi-housing in single family home neighborhoods (*Look at California State “Zoning Laws” in the suburbs by Harris*)

You want the Socialist to **rewrite the U.S. Constitution** to be more in line with a collective ideology such as the Marxist ideology.

You want to **do away with the police** and replace it with more friendly community based law and order council.

You want **do away with pedophile laws** because they discriminate against gays. Like the decimalization of pedophile in California (SB 145)

You want the “New Green Deal” to create 700,000 new Government jobs and kill 10 million current jobs in oil, gas, coal, automobile manufacturing, and the list is endless.

You support Government *“Re-Education Centers”* for people that resist the transformation of the United States of American to a Socialist Country.

You support the **voiding of all Tribal Treaties** and the Government’s political relationship with the American Indian Tribes and Alaskan Natives.

I understand that many of you believe I’m full of unprocessed sewage, but I speak the truth and the truth will keep you free of you accept it and act on it.

However, all you need to do is look at what is happening in many of the Socialist Democratic run state and cities, **total chaos!**

Leading From the Left

OPINION by Allan Miller at [100 Percent FED Up](#)

Video footage broke of a Black Lives Matter activist making her claim for the lawlessness, rioting, and harassment stemming from the radical, violent movement. The woman spoke to a handful of local reporters about police brutality in Chicago claiming that *“Our mayor has said nothing about it. Our black, gay mayor is not protecting the black women in this city. I have a personal problem with that.”*

“We have demands and they need to be met ... we’re not asking you anything,” she said. *“We’re telling you what’s about to happen with your permission or not ... You can listen to us or you can get ran over.”*

Meanwhile, far-left Chicago Mayor Lori Lightfoot has banned protesters from congregating on the block where she lives, citing concerns for her safety. She defended the ruling, stating, “I have a right to make sure that

my home is secure.”

While like all other Americans she certainly has a natural right to her person and property being protected from the violence of protests and riots, why aren’t the residents of Chicago afforded the same security?

Lightfoot has been a controversial figure in Chicago due to comments about the looting and violence that keeps breaking out there this summer during Black Lives Matter protests. While Lightfoot has openly supported the protests, she has criticized the riots.

Of course, it is a basic duty of government to protect people from violence in their own homes. Yet this is the reality for many in Chicago right now. Another prime example of Democrat-led cities failing to serve their citizens.

The city is facing looting and rioting that, despite mass arrests, is largely remaining unchecked. Chicago just faced

its most violent month in 28 years, as **107 people were murdered in July**. Most of these unjust deaths resulted from shootings. Chicago has stringent gun restrictions on its books, but that hasn’t stopped criminals from obtaining or using weapons.

The city of Chicago has been declining since the election of far-left anti-Trump Mayor Lori Lightfoot and State’s Attorney Kim Foxx. The combination of the two leftist politicians has been a complete disaster for the people of the Windy City.

Looters and criminals have been set free in record numbers, so they feel emboldened to recommit crimes because they know they won’t be punished.

Americans cannot accept the rationalization from the left that it’s ok to steal and loot—law & order matters. So far, it’s been crickets from Democrats on pushing back on this.

BLM Has Ties to Marxist

"Anyone who takes a knee to the Black Lives Matter group is bowing to anti-Christianity, communism and terrorism."

A new video by researcher Trevor Loudon presents evidence that Black Lives Matter is tied to foreign communist and terrorist organizations through its three co-founders. Patisse Cullors has boasted in an interview of being a "trained Marxist," along with Alicia Garza. The third co-founder, Opel Tometi, is a known supporter of Venezuelan dictator Nicolas Maduro.

Tometi and Garza are involved with a German revolutionary organization called Rosa Luxembourg Stiftung, which was established by former East German communist leaders to build a new wave of international socialist revolutions.

All three co-founders, points out the video presentation by an initiative called Choose Freedom, are part of a socialist organization called Liberation Road..

Loudon's video notes that a group with direct ties to the Chinese Communist Party, the Chinese Progressive Association, is the main funder of Garza's Black Futures Lab, a voter turnout group.

Choose Freedom describes itself as "an initiative aimed at clarifying the stark differences between the tyranny that is the inevitable result of

Marxist revolutions and the liberties guaranteed in the United States' constitutional Republic."

"Given a choice, we believe informed Americans will choose freedom, rather than willingly opt to live under oppressive regimes that rule according to the totalitarian agenda of socialists/communists," says Choose Freedom's website.

But given the Socialist propaganda machinery promoting the extreme left wing agenda that some how Biden and Harris will allow America to be a free Country.

Loudon found that Cullors was mentored for many years by Eric Mann, a Maoist communist member of the Weather Underground domestic terrorist organization.

Not to mention Obama's communist friends and neighbors in Chicago, Bill Ayres and his wife, Bernardine Dohrn.

In 1969, Ayers was a co-founded the Weather Underground, a self-described communist revolutionary group that sought to overthrow imperialism (America).

And let's not forget the Socialist rich uncle George!
