## Time Magazine Tells All on How the 2020 Election Was “Rigged”

Edited by Ernie C. Salgado, Jr., \* Sources: Time Magazine, The GOP Times, WND A Free Press

### ELECTION STITCHED UP TIGHT

On Friday, February 5, 2021 Time Magazine shockingly went public with the whole twisted story of how the 2020 National election was “Rigged” against everything President Donald Trump stood for.

- *"They got states to change voting systems and laws and helped secure hundreds of millions in public and private funding."*
- *"They fended off voter-suppression lawsuits, recruited armies of poll workers and got millions of people to vote by mail for the first time."*
- *"They successfully pressured social media companies to take a harder line against disinformation and used data-driven strategies to fight viral smears."*
- *"They executed national public-awareness campaigns that helped Americans understand how the vote count would unfold over days or weeks, preventing Trump's conspiracy theories and false claims of victory from getting more traction."*

After Election Day, they monitored every pressure point to ensure that Trump could not overturn the result.

The Socialist Democrats are so sure of their iron grip on power that they've dropped all the pretense. The stage was set for a Socialist Democrat victory.

Not as a scandal but more a written “documentary.” Author Molly Ball, of the Socialist Democrat persuasion, spells it all out in excruciatingly painful detail.

All it takes to overturn an entire system of government is a solid back-

room deal ahead of the election. Trending Politics put the Time Magazine story under the microscope. To them it's crystal clear that *“a secret cabal composed of rich connected elites joined forces to destroy President Trump.”*

Elites like Bill Gates, Mark Zuckerberg, Jack Dorsey, Jeff Bezos and George Soros had the selection rigged like a windjammer.

Tim Pool agrees. *“I just want to say that it is the opposite of Democracy when a secret cabal of wealthy and politically connected elites conspire to manipulate the rules and laws of an election in order to win.”* As an afterthought, he adds *“not like this is a new story though.”*

### WAR ON A CORPORATION

Time admits that there was a conspiracy unfolding behind the scenes in this election. At the core of the conspiracy was an unholy alliance between left-wing activists and business titans. They hid it in plain sight, announcing their plot *“in a terse, little-noticed, joint statement.”*

The U.S. Chamber of Commerce teamed up with union bosses at the AFL-CIO to quietly publish a notice on the long awaited Election Day. It was an obvious *“implicit bargain.”*

The corporate tech megaliths who embrace social justice ideals of defunded police, open borders, slavery reparations, and free stuff for everyone combined all their forces and dumped all their resources into accomplishing the goal of canceling conservatism once and for all.

The election was decided ahead of time and all the effort went into the

A massive, coordinated effort by the left that pushed mail-in voting and other measures that have become associated with claims by the right of election fraud is the subject of an in-depth report published by Time magazine.

Time's Molly Ball describes it as a *“conspiracy”* between *“left-wing activists and business titans.”* But she insists the objective of the *“extraordinary shadow effort”* was only to *“protect”* the 2020 presidential election from anticipated claims of fraud by Trump. (“For our Protection and Safety”)

propaganda messaging to legitimize it later. The *“extraordinary shadow effort”* wasn't aimed at winning the vote but to ensuring it would SEEM *“free and fair, credible and uncorrupted.”*

### DEMOCRAT SLEEPER CELLS

The plot would not have happened without the help of Democrat sleeper cells lurking within the GOP. They were able to cover up *“an election so calamitous that no result could be discerned at all, a failure of the central act of democratic self-governance that has been a hallmark of America since its founding.”* Thanks to corporate censorship, questioning ballot integrity will get you instantly silenced.

The evil forces of darkness had their tentacles in every aspect of the election. States changed voting laws and swapped equipment systems to suit the plan. Meanwhile, so called *“Republicans”* helped *“secure hundreds of millions in public and private funding.”*

All that money was used to fight off voter-suppression lawsuits. They “recruited armies of poll workers,” and ultimately, *“got millions of people to vote by mail”* for the first two or three times.

All the social media networks clamped down hard with heavy cen-

sorship of any election related question, using high tech artificial intelligence and *“data-driven strategies to fight viral smears.”* The propaganda department *“executed national public-awareness campaigns”* designed to make the masses think in properly programmed patterns.

They justified the disinformation as helping *“Americans understand how the vote count would unfold over days or weeks.”* The last thing they wanted was *“Trump's conspiracy theories and false claims of victory from getting more traction.”*

Former Obama Administration official Norm Eisen summed the strategy up. *“The untold story of the election is the thousands of people of both parties who accomplished the triumph of American democracy at its very foundation.”*

The New World Order Socialist have succeeded in over-troughing a FREE America. Welcome to post-Constitutional open borders globalism brought to you by the Open Societies Foundations, George Soros, the Rockefellers, and the Rothschilds.

We are no longer a free people as we will witness .

## The Censoring of America: The Sham Impeachment of Private American Citizen Donald Trump, is to Show His & Free America Supporters What Can Happen to Them.

The text below are from the February 10, 2021 Senate Sham Impeachment

Source: TheGOPTimes.com \* Contributed by Franklin Motte, Moreno Valley CA

Attorney David Schoen gave his opening statements in a passionate and defiant defense of President Trump as arguments began in the second sham impeachment Tuesday. Schoen echoed many learned scholars of the US Constitution in citing the inherent flaws with the Democrats' half-baked, “snap impeachment” of a no-longer sitting President.

The findings he raised in the President's defense were damning. “Under their unsupportable constitutional theory and tortured reading of the text, every civil officer who has served is at risk of impeachment if any given group elected to the House decides that what was thought to be an important service to the country when they served now deserves to be canceled.”

“They have made clear in public statements that what they really want to accomplish here, in the name of the Constitution, is to bar Donald Trump from ever running for political office again, but this is an affront to the Constitution no matter who they target today.

It means nothing less than the denial of the right to vote and the independent right for a candidate to run for elective political office, guaranteed by the 1st and 14th Amendments to the Constitution, using the guise of impeachment as a tool to disenfranchise”

“To say there was a rush to judgment by the House

would be a grave understatement. It is not as if the House Members who voted to impeach were not mightily warned about the dangers to the institution of the Presidency and to our system of due process.

They were warned in the strongest of terms from within their own ranks adamantly, clearly, and in no uncertain terms not to take this dangerous snap impeachment course. Those warnings were framed in the context of the constitutional due process that was denied here.”

“By intentionally waiting until President Trump's term of office expired before delivering the Article of Impeachment to the Senate to initiate trial proceedings, Speaker Pelosi deprived then-President Trump of the express constitutional right-and the right under the Senate's own rule IV-to have the Chief Justice of the United States preside over his trial and wield the considerable power provided for in the Rules of Procedure and Practice in the Senate when sitting on impeachment trials.”

“The impeachment Article should be treated as a nullity and dismissed based on the total lack of due process in the House. It should be dismissed because of Speaker Pelosi's intentional abandonment

“By permission of A.F. Branco and Creators Syndicate, Inc.”

or waiver of jurisdiction, if the House ever acquired jurisdiction, and the Article should be dismissed because *the trial in the Senate of a private citizen is not permitted*, let alone with the conflicts just described that attend this proceeding.”

“An impeachment trial of Private Citizen Trump held before the Senate would be nothing more nor less than the trial of a private citizen by a legislative body. An impeachment trial by the Senate of a private citizen violates article I, section 9 of the United States Constitution, which provides that ‘no bill of attainder . . . shall be passed.’”

The bill of attainder, as this clause is known, prohibits Congress from enacting “a law that legislatively determines guilt and inflicts punishment upon an identifiable individual without provision of the protections of a judicial trial.” A bill of attainder is a legislative act which inflicts punishment without a judicial trial-A judicial trial - The distinguishing characteristic of a bill of attainder is the substitution of a legislative determination of guilt and legislative imposition of punishment for judicial finding and sentence.

## The "White Privilege" Agenda is Bogus, Racist & Evil

MY VIEW: *Ernie C. Salgado, Jr.,*

First, the **"White Privilege"** narrative is bogus racist and evil. Bogus because it's has nothing to do with racial inequality, it's about the Marxist political ideology. And racist because it pits one race against another as a political strategy to gain power and control which is evil.

**Let's be honest**, racism is not limited to only white people. All races have more than their share of racist. I believe this to be a fair and truthful statement.

**And, historically** the majority of the former leaders of our great country have not been kind to the minority communities, including many of the poor **"white people"** that immigrated to America.

**In way of example** the Italian and Irish people come to mind. These specific **"White Privileged"** racial groups when not treated very kindly when they immigrated to America.

**Over the past 50-years** we, as a Nation have made significant progress in racial equality and while we may have a ways to go we were heading in the right direction. But, to over compensate based on race will only serve to divide the Country.

**Our current** president opposed the Civil Rights legislation including bussing. He also claimed former senator Robert Byrd as his mentor.

**Byrd served as the Rep. (D)** for West Virginia from 1953 to 1959 and as their **Senator** from 1959 to

2010, a total of 57-years. He lead the opposing against the Civil Rights Act of 1964.

**Byrd was reported** to have been a high-ranking member of the Ku Klux Klan. Many claims were made that he was the grand wizard of the Ku Klux Klan however, the main stream media has been successful in censoring this claim.

**Antifa and Black Lives Matter** thugs have replaced the KKK. But, 75 plus million American citizens are labeled as "Racist" and "Domestic Terrorist" because they voted for President Trump.

**Hitler's used** the catchphrase **"Für Ihre Sicherheit"** (*"It's for your safety."*) Sound familiar?

## AOC Lies About January 6, 2021 Capitol Protest Makes False Claims Of THREAT To Her Life!

MY VIEW: *Ernie C. Salgado, Jr.* \* Sources: The Daily Wire & Photos From Wikipedia, the free encyclopedia

Photo above is Republican Rep. Nancy Mace (SC), whose office is two doors down the hallway from Socialist Rep. (D-NY) Alexandria Ocasio-Cortez (AOC), in the Cannon Building which is some distance from the Capitol Rotunda and House Chambers: *where* all the conflict was taking place.

Rep. Mace noted that *“Protesters”* never made it to their hallway at the Cannon Building on January 6, 2021 when the U.S. Capitol building was breached. She made the comment while hitting AOC and the media for their attempts to *“fan fictitious news flames”* about the *“Protesters”* and spew disinformation.

She said *“There were never any ‘Protesters’ in their hallway so there was never any physical danger from ‘Protesters’ coming in at any point.”*

AOC wasn’t even in the Capitol building. She was in her office in the Cannon Building, a different building nearby. But of course, many just assumed that she was in the Capitol building.

AOC wrote that she left her office in the Cannon Building, which is still inside the Capitol complex but *“I just evacuated my office in the Cannon due to a nearby threat,”* she wrote. *“Now we’re seeing protesters assaulting Capitol Police.”*

Rep. Nancy Mace wrote, captioning a post from Newsweek. *“Breathless attempts by media to fan fictitious news flames are dangerous.”*

Ocasio-Cortez said that rioters actually entered her office, forcing her to take refuge inside her bathroom after her legislative director Geraldo Bonilla-Chavez told her to *“hide, hide, run and hide.”*

*“And so I run back into my office,” Ocasio-Cortez said. “I slam my door. There’s another kind of like back area to my office, and I open it, and there’s a closet and a bathroom. And I jump into my bathroom.”*

Ocasio-Cortez said she was hiding behind the door *“and then I just start to hear these yells of, ‘Where is she?’”*

As members of the mob banged against the door, Ocasio-Cortez said she believed *“this was the moment where I thought everything was over.”* (There was no mob.)

*“And the weird thing about moments like these is that you lose all sense of time,”* Ocasio-Cortez continued. *“In retrospect, maybe it was 4,...5,...10...or one-second. I don’t know. It felt like my brain was able to have so many thoughts.”*

*“In between the screams and the yells,”* Ocasio-Cortez added, *“I mean, I thought I was going to die.”*

Rep. Nancy Mace’s concern is that Newsweek was misleading in how they categorized AOC’s own account in an effort to *“fan fictitious news flames.”*

After investigating her claim, it never happened, it’s nothing more than another fraud, a big lie!

However, the Socialist Democrats continue to fan the of fires of *“White Supremacy”* & *“Domestic Terrorism”* to promote their ideology of a Socialist One-Party-Rule that will include censorship, open borders, gun control and more.

Just to be clear with the facts, 85% of the USA population is *“white,”* and a lot of Black, Hispanic and other ethnic groups participated in the January 6, 2021 protect and the illegal breaching of the Capitol Building in Washington D.C.

NOW, please tell me again how the January 6, 2021 event was all about *“White Supremacy.”*

## 75-Million Americans Don’t Count As RINO’s Vote Socialist, Kill GOP

American Indians and other ethnic groups coming together as Americans.

This is the Socialist greatest fear and the main reason for the national censorship and labelling of those that speak out as *“Domestic Terrorist”* while giving Antifa and Black Lives Matter thugs a free pass.

You’re going to want to see the list of RINO’s who punish people for using free speech. Rep. Marjorie Taylor Greene has been removed from her assignments for the House Education and Budget Committee.

Cheney was sanctioned by her own state of Wyoming GOP Council.

The House decided in a 230-199 vote that Rep. Greene should be removed from her position as a committee member.

Yet, morons like Waters, AOC, all the other anti-American fools can say anything they wish.

The Republican Party only exist in name INLY as it is dead and done.

The American Patriots will not be silenced and it may take a few years but American will be a free Country again. Real unity is happening with Whites, Blacks, Mexicans, Native

I can relate to Martin Luther’s famous *“I have a Dream”* speech *“I may not see the promise land”* as I creep up on 80 but, I have no doubt we will get there as a free people.

Below is the list of RINO’s voting with the Socialist against Greene. WHO ‘S NEXT?

- Fred Upton (Michigan)
- Christ Smith (New Jersey)
- Maria Salazar (Florida)
- Nicole Malliotakis (New York)
- Adam Kinzinger (Illinois)
- Young Kim (California)
- John Katko (New York)
- Chris Jacobs (New York)
- Carlos Gimenez (Florida)
- Brian Fitzpatrick (Pennsylvania)
- Mario Díaz-Balart (Florida)

## Transgender & Science: Comrade Biden, What Science?

Elementary biological science simple states that males are generally bigger, have more muscle mass and stronger than females.

After over a year of the Socialist narrative that President Trump was not following the science with regards to the covid-19, Comrade Biden has set aside science and single-handily destroyed girls and woman’s sports.

His executive order allowing male transgenders and perverts claiming

to be transgenders to participate in girls and woman’s sports and share their bathrooms and dressing facilities.

Another definition of insanity! In summary, the Socialist what to force gun buyers to undergo a phycological evaluation before that can buy a gun. We would be better severed if this was a requirement for those serving in congress and presidency.

## January 6, 2021, Washington D.C., More Socialist “Misinformation” That 5-Deaths Caused By Riots

On February 9, 2021 Tucker Carlson report that not all of the five people that the died at the demonstration on January 6, 2021 in Washington D.C. were directly related to the unrest as reported by the MSM and Socialist Government officials.

He reported that only one death can be directly attributed to the breach of the Capitol Building, the shooting death of the young lady veteran from Santee, California. One was the result of a heart attack and another form a stroke.

The police office was report by the MSM to have died from injuries suffered from being hit with a fire extinguisher. Tucker reported that this narrative is not true as the officer is reported to have texted his brother from the Capitol Building saying he was not injured but that he had been mased, He died a few days later but the cause of his death is not known and the government officials have refused to release the autopsy report. No report on the fifth person.

Will Communist China build on its \$1.5 Billion dollar investment in Hunter Biden? And will the “Big Guy” still get his 10-Percent cut?

## January 20, 2021 President, Comrade Joseph Biden: 'Tribal sovereignty will be a cornerstone' As He Shuts Down Tribal Oil & Gas Business

MY VIEW: *Ernie C. Salgado, Jr.* \* Sources: Indian Country Today & From Wikipedia, the free encyclopedia

Within a few hours of taking office Biden wasted no time embracing the ComradSocialist far left agenda as he began signing numerous executive orders of which many are controversial and some legally questionable and he hasn't shown any indication of slowing down.

One controversial executive order revoked the permit for the Keystone XL pipeline and placed a temporary moratorium on all oil and gas activities on all federal land, including American Indian and Alaskan Native Tribal Lands and the Arctic National Wildlife Refuge.

However, within 10-days of signing the executive order temporally suspension of new leasing and permitting for oil and gas development on public lands the administration declared the order will not apply to tribal lands.

While this is great news for the oil and gas producing tribes the potential backlash may have a negative impact on the Nations tribal efforts in gaining support for strengthen "tribal sovereignty" as it may be viewed as political cronyism, which of course it's not.

Biden also signed an executive orders focuses on strengthening the nation-to-nation relationships with the American Indian and Alaskan Native Tribes.

Today I'm directing the federal agency to reinvigorate the consultation process with Indian tribes," Biden said, noting "respect for (Tribal) sovereignty will be a cornerstone of our engaging with Native American communities."

He also signed a presidential memorandum that requires all federal agencies and executive departments to have a "strong process in place for tribal consultation," according to Libby Washburn, Chickasaw, the newly appointed special assistant to the president for Native American Affairs for the White House Domestic Policy Council.

What is confusing is that the presidents executive order shutting down the American Indian and Alaskan Natives Tribes oil and gas business operations is contradictory to his "Tribal Consultation" executive order.

Maybe I missed the memo and there were "Meaningful Robust Consultations" on a Nation-to-Nation bases to strengthen relations with the American Indian Tribes that the oil and gas producing tribes missed as well!

You think? Since the tribal leaders of the oil and gas producing tribe certainly were not happy with the temporary moratorium on all oil and gas activities executive order and let their concern be known.

In an effort to clarify the relationship between the American Indian Tribes and the U.S. Government is to understand the relationship is "Political and not Racial," and that the tribal lands belong to the individual tribes and is held in "Trust" on their behalf by the government.

The uniqueness of the government to government relation was created through "Treaties" between the tribal governments and U.S. government to end the armed conflict between to two Nations.

However, from the beginning the U.S. Government has failed or refused to live up to their end of the "Treaties," which are legally still in force.

The Biden "Tribal Advisors" have proclaimed that the new "Tribal Consultation executive order" reenforces the one signed on Nov. 6, 2000. So what makes this one different? Nothing, the 2000 one was lip service as this one has already proven to be as well.

The Socialist strategies to keep the tribe into the fold they have suggested increasing the FEMA financial assistance available to tribal governments at 100 percent of the federal cost share. Yes, this is a good thing but, what do the tribes give up for the concession?

As always, it's all based on dependency of the government and as long as that continues, the American Indian tribes will never be truly self-governed nor will tribal sovereignty be a reality.

Also, the public health supply chain executive order states that the "Secretary of Health and Human Services shall consult with Tribal authorities and take steps, as appropriate...for federally recognized Tribal governments, Indian Health Service healthcare providers, Tribal health authorities, and Urban Indian Organizations."

Fawn Sharp, Quinault, president of the National Congress of American Indians, said. "I am both excited and encouraged that the Biden Administration is taking so many meaningful and significant steps towards Tribal Nations' priority issues - respect for sovereignty, racial equity, urgent action on climate change, protection of sacred sites and ancestral ecosystems, and the commitment to meaningful Tribal consultation," she said.

"There's immense work still to be done, but we celebrate that the first steps President Biden has taken, and it shows that things are going to be front and center for him and his entire administration." She added.

Education, housing and economic development were not mentioned nor was increased funding for health and human services.

In addition to New Mexico (D) Rep. Deb Haaland's nomination for Secretary of the Department of Interior," Washburn said, "President Biden, he promised during the campaign that tribes would have a seat at the table at the highest levels of federal government and a voice throughout the government, and I think that he's really showing in the early beginning days of his administration that he is going to make sure that happens."

I would agree that it would be great to have a tribal person as the Secretary of the Interior.

And, as for land acknowledgements, that's an ongoing conversation. "It is something that we are talking about, so I think we will talk about it and really, I'd like to talk to Deb Haaland about it as well, and once she's confirmed it's something that I think will become a focus," Washburn said. To me this sounds like political double speak for not gonna happen anytime soon.

And I'm sorry, but I wouldn't hold my breath on Rep. Haaland getting a senate confirmation, simply because of her extreme "New Green Deal" ideology. A lot of Blue states economies are dependent on oil and gas production. And the shutting down of the oil industry won't help her.

Although she has a lot of support from the Tribes and Socialist it may not be enough. And Comrade Biden may withdrew her nomination for the lack of votes.

Why not Rep. Tom Cole, a member of the Chickasaw Nation, Oklahoma as an alternative? My guess is he would get an estimated 90 votes for approval. OOPs, he is a conservative. I'm sure that is a major factors, which is troubling since non-Indian ideology supersede tribal rights.

However, tribal jurisdiction and the absents of Constitutional protection of the individual tribal members on tribal lands has yet to be corrected

Currently tribes have no jurisdiction over non-Indians on tribal lands. However, last year the Rincon Band of Luiseno Indian in Southern California won a major court decision on jurisdiction over tribal land usage by non-Indians.

As American citizens since June 2, 1924, the individual American Indian have yet to gain Constitutional protection while living on tribal lands or as a tribal member.

Santa Clara Pueblo v. Martinez, was a landmark case in which the Supreme Court excluded tribal member of federally recognized American Indian Tribes from equal protection under the U.S. Constitution.

In 1978, the U.S. Supreme Court sustained a Tribal law passed by the governing body of the Santa Clara Pueblo tribe that explicitly discriminated on the basis of sex.

In doing so, the Court advanced the theory of "tribal sovereignty" that weighed the interests of tribes sufficient to justify the Tribal law.

Had the law been passed by a state legislature or the U.S. Congress it would have certainly been struck down as a violation of equal protection clause of the Constitution.

This courts ruling allows tribal governments, in some cases to act as third world rulers with impurity, leaving the individual tribal members with no civil rights protection. However, in all fairness the majority of the American Indian Tribe honor the rights of their members.

And although I am extremely supportive of "tribal sovereignty" the court got this one wrong. The court is also inconsistent with its definition of "tribal sovereignty."

In way of example, the Commerce Clause of the U.S. Constitution describes an enumerated power listed in (Article I, Section 8, Clause 3) authorizing the U.S. Government to regulate commerce with foreign governments, states and American Indian Tribes is still in full force and upheld by U.S. Supreme Court. Which begs the question, what happened to "tribal sovereignty?"

The irony of the new Socialist Government is that American Indian Movement (AIM) co-leader Russell Means warned that the American people were going to become the new Indians. What he was referencing was the total government control over all aspect of their lives and the absents of any Constitutional rights or recourse.

A totalitarian Government, similar to the Bureau of Indian Affairs' rule over the American Indian tribes and to some extent still does.

Then again, the concern of tribal Constitutional rights may be moot since the transformation of America to a Socialist Country is already underway as Means predicted.

## RED SKELTON'S RECIPE FOR THE PERFECT MARRIAGE

10. I married Miss Right. I just didn't know her first name was 'Always'.  
11. I haven't spoken to my wife in 18 months. I don't like to interrupt her.  
12. The last fight was my fault though. My wife asked, "What's on the TV?" I said, "Dust!"

1. Two times a week we go to a nice restaurant, have a little beverage, good food and companionship. She goes on Tuesdays, I go on Fridays.
2. We also sleep in separate beds. Hers is in California and mine is in Texas.
3. I take my wife everywhere, but she keeps finding her way back.
3. I asked my wife where she wanted to go for our anniversary. *"Somewhere I haven't been in a long time!"* she said. So I suggested the kitchen.
4. We always hold hands. If I let go, she shops.
5. She has an electric blender, electric toaster and electric bread maker. She said *"There are too many gadgets, and no place to sit down!"* So I bought her an electric chair.
6. My wife told me the car wasn't running well because there was water in the carburetor. I asked where the car was. She told me, *"In the lake."*
7. She got a mud pack and looked great for two days. Then the mud fell off.
8. She ran after the garbage truck, yelling, *"Am I too late for the garbage?"* The driver said, *"No, jump in!"*
9. Remember: Marriage is the number one cause of divorce.

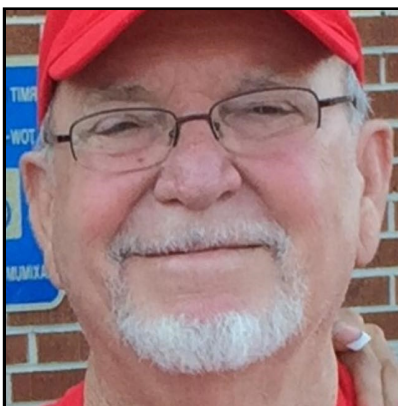

**For all of you over the age of 60, Can't you just hear him say all of these?**

I love it. These were the good old days when humor didn't have to start with a four letter word. It was just clean and simple fun. And he always ended his programs with the words, **"And May God Bless"** with a big smile on his face.

Richard Red Skelton (July 18, 1913 - September 17, 1997) was an American entertainer best known for his national radio and television shows between 1937 and 1971, especially as host of the television program **The Red Skelton Show 1951-1970**.

He played many character but my favorite was **"Clem Kadiddlehopper."**

Skelton believed that his life's work was to make people laugh, which he did and it has been over 50-years since the Red Skelton Show aired on television and I still laugh when I think of the insane things he did. **"And May God Bless."**

Ted Henry from Cartersville, Georgia posted the following observation on his Facebook page with an open authorization to copy and share.

I share this message with you because I agree with Ted.

So given the Comrade Biden reign we will be labeled **"Domestic Terrorist"** and even a **"White Supremacist."**

I and 75 million other American citizens tolerated (Obama) for 8 years and kept quiet.

Here is my issue with the whole, **"let us all be a United States again"** that we heard from Joe Biden. For the last 4+years, the Democrats have gone and scorched earth. You have salted the fields and now you want to grow crops. The problem is 75 + million of us have memories longer than a hamster.

We remember the women's march (vagina hats and all) the day after inauguration. We remember the 4 years of attacks and impeachments.'

We remember the kowtowing to the anti-American Muslims.

We remember "not our president" and the "Resistance..."

We remember Maxie Walters telling followers to harass us in restaurants.

We remember Maxie Walters complaining about President Trump's daughter working for free while she paid her own daughter \$750,000 to mail letters.

We remember the Presidents spokesperson being kicked out a restaurant.

We remember hundreds of Trump supporters physically attacked.

We remember the \$500,000 Obama gave to the "Death to America" Iranians.

We remember Black Lives and Antifa riots and looting.

We remember "a comedian" holding up the President's severed head.

We remember a play in Central park paid with public funding, showing the killing of President Trump.

We remember Robert de Niro yelling "F" Trump" at the Tony's and getting a standing ovation, but that wasn't hate speech.

We remember Nancy Pelosi tearing up the State of the Union Address..

We remember the non-stop and live fact checking on our President and his supporters 7/24.

We remember non-stop in your face lies and open cover-ups by the media.

We remember the President and his staff being illegally spied on.

We remember five Senators shot on a ballfield.

We remember every so-called comedy show turn into full-on Trump hate fest.

We remember that 95% of the MSM news coverage was negative.

We remember the Socialist state governors asking and getting everything they ask for and then blaming Trump

We remember a Trump top aid verbally assaulted in two DC restaurants.

We remember people banging on the Supreme Court doors as instigated by Senator Chuck Schumer.

We remember being called every name in the book for supporting President Trump

We remember that MANY Hollywood Marxist said they would leave after Trump was elected but they stayed.

**This list is endless, but you get the idea.** My friends will be my friends, but a party that has been on the Copy and pasted from a friend because it is the truth, ...especially when this election is exposing of not only the integrity OF this election, but also future elections to come.
