“How Did Hitler’s Evil Happen?”

The Same Way The Evil Is Happening In America Today!

Censorship, Political Correctness, Double Standards, Mandates, Critical Race Theory, Black Lives Matter, Antifa, Cancel Culture and The Socialist Democrats

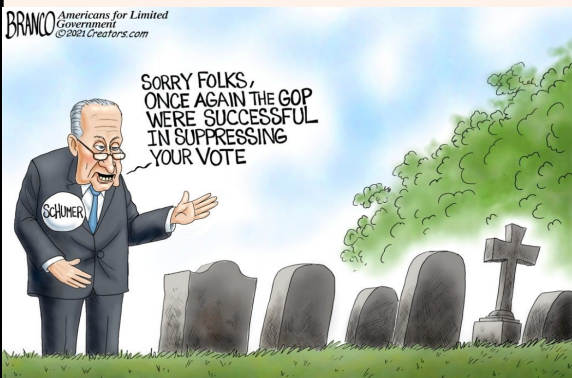

MY VIEW by *Ernie C. Salgado, Jr.*, * By permission of A.F. Branco and Creators Syndicate, Inc.

Hitler’s Germany, China, Russia, Cuba and Venezuela shared Marxist ideology and totalitarian leadership.

While Karl Marx Communist manifesto promotes a utopian government for the working class the ruling party is the elitist.

During the 40’s and 50’s it was illegal for a Communist to hold public office in America. However, due to the witch hunt of senator Joe McCarthy during the mid-fifties Communism was not viewed as negative as it was before in the eyes of the general public.

The tactics of McCarthyism from over 60-year ago appear to be identical to those used by the proponents of cancel culture, they make accusations regardless of lack of substantial evidence and most often the charges are made anonymous leaving the accused with no recourse and is denied due process. They are guilt by accusation.

The character assassination used by cancel culture is one of the most effective weapons to silence opponents as was McCarthy in destroying the careers and lives of many innocent Americans.

Another absurdity of cancel culture is the attacking of people that lived hundreds of years ago for what they believe to be erroneous by current standards. Moronic, yes but they are getting away with it which only tends to empower them.

While we’re talking about empowerment look at how the Socialist Democratic Party has supported the criminal activities of Antifa and Black Lives Matter. They have been allowed to riot, loot and destroy private and public property in the billions of dollars with total immunity. Hundreds of police, firefighter innocent citizens have been injured and 24 deaths have been credited to the violence.

Instead of holding Antifa and BLM

accountable the Socialist Democrats blame the police and what to defund them following in the footsteps of Hitler.

All this while law bidding American citizens were not allowed to work or attend church services and some were arrested for not wearing a mask or trying to open their business.

And now the House is planning another kangaroo investigation into the January 6, 2021 protest in Washington D.C. that will cost millions of taxpayer dollars.

In 1954 the civil rights movement began with Rose Park’s famous bus ride. Martin Luther King, Jr. (January 15, 1929 - April 4, 1968) Assumed the leadership and was gaining national recognition. King refused to follow the Marxist ideology, instead chose to force the government to follow the rule of law as defined by the Constitutions 14th amendment.

By 1960 McCarthyism had ended, Viet Nam was yet to become a household name and the flower children, free love and dope era was in full swing. Woodstock and Alcatraz was almost a decade in the future.

The assassinations of President Kennedy on November 22, 1963, Martin Luther King on April 4, 1968 and Bobby Kennedy on June 6, 1968 were frightening in that world leaders could be murdered in public in America.

Many of us were in our youth during these turbulent times in our Nations history and were not really into the politics or even understood what was transpiring around us. At least I wasn’t. However, I was involved with American Indian Tribal issues and didn’t see or understand the correlation with other political issues.

Geography also played a major role in one perspective. California for example was much more liberal than Arizona which was much more racist than most southern states with Colorado a close second. The reason I mention Arizona and

Colorado is because I was in both states in 1959 and got a real introduction to racism. But, I refuse to be a victim.

As many of us more experienced citizens can attest to is that what is happening now is the accumulation of over 60 years of a gradual shift to the political left or Socialism/Marxism if you will.

Again, the process used to bring about these political changes is textbook Karl Marx. His basic strategy is to bring about the desired changes gradually in a nudging manner as opposed to a sudden change such as armed confrontation.

The final phase of course is revolution which begins with civil disorder as in riots or as the Socialist Democrats refer to the Antifa and Black Lives Matter “Peaceful Protest.”

Marx’s primary theory is the overthrow of the wealthy ruling class by the poor and the redistribution of the wealth to the masses. The problem however, is that once the transformation of power has been achieved the elitist become the Rulers with no oversight by the people.

The systematic changes in America over the past 60 years has followed the Marxist inspired 8-Steps to a Socialist Government by Saul Alinsky:

- 1) Controlling Healthcare,
- 2) Poverty — Increase the Poverty level as high as possible, poor people are easier to control and will not fight back if you are providing everything for them to live.
- 3) Debt — Increase the debt to an unsustainable level. That way you are able to increase taxes, and this will produce more poverty.
- 4) Gun Control — Remove the ability to defend themselves from the Government. That way you are able to create a police state.
- 5) Welfare — Take control of every aspect of their lives (Food, Housing, and Income).
- 6) Education — Take control of what people read and listen to — take control of what children learn in school.
- 7) Religion — Remove the belief in the God from the Government and schools.
- 8) Class Warfare — Divide the people into the wealthy and the poor. This will cause more discontent and it will be easier to take (Tax) the wealthy with the support of the poor.

The anti-America Marxist members of congress have suggested the establishment of “Re-Education Centers” for those American citizens that oppose the Marxist ideology.

However, the concept of “Re-Education Center” in America is not new as Bill Ayres was tape recorded by an undercover FBI agent when he was the leader of the weathermen a domestic terrorist group stating that in addition to the camps 25-million Americans would need to be terminated as they would not comply and his only concern.

He was arrested but has released because the FBI did not have a court order to record his comments.

So he and his wife became professors at the the University of Chicago.

It was in his living room that Barack Obama launched his political career. Ayres is also credited with authoring Obamas book Dreams of My Father. Ke is also credited with how they would dispose of the bodies.

But let’s back up in our American history a bit to president, **Theodore Roosevelt Jr.** often referred to as **Teddy**. Roosevelt became a strong opponent of the growing power of the corporate monopolies. He feared the growing power of the big corporations, specifically their influence on the nations policy makers. He fought for anti-trust policies.

Currently we have reached the point in America that Roosevelt feared, the control of big business over the political leadership and people of America. The big tech owners and CEO’s are dictating policies such as censorship and control over the dissemination and content of information.

President Trump like Roosevelt is a very wealthy man and strongly opposed the monopoly of big business. And again, like Roosevelt he was met with the full force of the power of the big tech industry as they censored a sitting president.

Mark Zuckerberg, CEO of Facebook personally contributed \$400 million dollars to the Socialist Democrats in addition to the hundreds of thousands of manhours by staff in developing and dissemination propaganda in support of the Socialist agenda.

Billionaire George Soros a traitor to his own Jewish people served in Hitler’s Army during WW11 and has contributed over \$18 billion dollars toward the Marxist movement.

I was born and raised on an Indian Reservation. I’m a Tribal Elder and veteran. For me America is the land of milk and honey.

American Marxism, Mark Levin’s new book is a must read to get a better understanding of the crisis we are currently facing in America.

Biden calls on Congress to find solution for Dreamers following federal judge ruling

Biden called on Congress to pass legislation that would provide permanent protections to undocumented immigrants who came to the U.S. as minors, known as Dreamers, following a ruling on July 16, 2021 by a federal judge in Texas blocked new applications for the DACA program, saying the Department of Homeland Security violated the Administrative Procedure Act "with the creation of DACA and its continued operation."

The Deferred Action for Childhood Arrivals (DACA) program was established in 2012 by then President Obama by Executive Order which he acknowledged as being illegal but since congress failed to do their job by passing legislation to address this issue.

The positive result of his Executive Order is that it provided protection for the so called DREAMER. How-

ever the negative results is that the legal system at the federal level suffered contemptable damage with respect to federal judges making decisions on their own political value as opposed to the rule of law.

"For more than nine years, DREAMERS have watched courts and politicians debate whether they'll be allowed to stay in the only country many of them have ever known. It's long past time for Congress to act and give them the protection and certainty they deserve," Obama tweeted on July 17, 2021.

In the ruling issued by Judge Andrew Hanen's ruling does not affect the status of the more than 600,000 current DACA recipients, who will be allowed to remain in the program and renew their benefits - shielding immigrants from deportation and offering work permits - pending a future order from Hanen

himself, the 5th Circuit Court of Appeals or the Supreme Court.

The Obama-era program was created in 2012 through an executive order following several failed efforts to pass legislation in Congress. President Biden signed an executive order shortly after taking office to preserve the DACA program.

In his own statement Biden called the ruling "deeply disappointing."

"The Department of Justice intends to appeal this decision in order to preserve and fortify DACA. And, as the court recognized, the Department of Homeland Security plans to issue a proposed rule concerning DACA in the near future," he said.

Biden also called on Congress to pass a permanent solution that provides a pathway to citizenship for Dreamers.

"

It is my fervent hope that through reconciliation or other means, Congress will finally provide security to all Dreamers, who have lived too long in fear," he said.

The irony is that the Dreamers executive order issue by Obama is illegal because the president does not have the Constitutional authority to issue legislation or to over ride legislation made buy congress.

Obama even admitted that the executive order was not legal, However the judicial system in America has become so politicalized and corrupt that it took nine years for a federal judge with the courage to rule on the legality of the Dreamers so called Act.

And even he allow it to stand inly ruling that any new applicants would not be allowed. Maybe congress needs to do their job.

The Obama's Pay Disgusting Tribute To George Floyd "Paying Tribute To A Thug Is An Insult To Our Nation"

Contributed by Franklin Motte, Moreno Valley CA * EDITORS NOTE by Ernie C. Salgado, Jr., AIR

If people truly desire to do something about "racism" then they will ignore these corrupt politicians and openly take to each other to help unite our nation!

Our nation has lost it's damn mind! Since when did we "pay tribute" to career criminals? When did it become acceptable to make a martyr out of thug? Everyone who is drinking this Kool-Aid needs to wake the hell up and realize George Floyd was a CAREER CRIMINAL not a hero, not a selfless human being who dedicated his life to the betterment of humanity, just a damn thug.

People do not want the blunt truth, they want the sugar-coated "white guilt" indoctrination which is destroying our nation.

Breitbart reports that former President Barack Obama and former First Lady Michelle Obama paid tribute to George Floyd on the one-year anniversary of his death, urging Americans to turn action into "meaningful reform" and concluding that the last year — which saw a wave of violent protests and riots resulting in injured police officers and damaged businesses — has "given us reasons to hope."

Notice how Obama takes a swipe at law enforcement in his so-called 'tribute' to Floyd:

"George Floyd was murdered one year ago today. Since then, hundreds more Americans have died in encounters with police—parents, sons, daughters, friends taken from us far too soon," the former president said Tuesday. "But the last year has also given us reasons to hope."

"Today, more people in more places are seeing the world more clearly than they did a year ago. It's a tribute to all those who decided that this time would be different—and that they, in their own ways, would help make it different," he continued, contending progress *"takes time."*

"But if we can turn words into action and action into meaningful reform, we will, in the words of James Baldwin, 'cease fleeing from reality and begin to change it,'" Obama

FBI records show that more white people are shot by law enforcement every year than blacks and that the majority of black shootings is actually black on black crime- wake up to the truth!

George Floyd's Criminal Past;

- George Floyd moved to Minneapolis in 2014 after being released from prison in Houston, Texas following an arrest for aggravated robbery
- On May 25, 2020, Floyd was arrested for passing a counterfeit \$20 bill at a grocery store in Minneapolis
- He was under the influence of fentanyl and methamphetamine at the time of arrest
- Floyd has more than a decade-old criminal history at the time of the arrest and went to jail at least 5 times

- George Floyd was the ringleader of a violent home invasion
- He plead guilty to entering a woman's home, pointing a gun at her stomach and searching the home for drugs and money, according to court records
- Floyd was sentenced to 10 months in state jail for possession of cocaine in a December 2005 arrest
- He had previously been sentenced to eight months for the same offense, stemming from an October 2002 arrest
- Floyd was arrested in 2002 for criminal trespassing and served 30 days in jail
- He had another stint for a theft in August 1998

This is the person people want to say is a "hero" and that our nation needs to pay tribute to? Or how about his family demanding that our NATION create new laws to protect BLACK people?

Why are people so focused on the thugs and not praising the majority of minorities that are actual heroes? What about the minorities that do not break the law, the ones that are selfless and family oriented as well as productive people who desire to make the world a better place?

Breitbart continued:

Notably, Obama did not mention the violent riots that rocked the country last summer, hall-marked by vandalism, acts of arson, and looting. According to Axios, the George Floyd protests *"will cost the insurance industry more than any other violent demonstrations in recent history,"* costing anywhere from \$1 billion to \$2 billion in paid insurance claims, per the outlet.

Michelle Obama also paid homage to Floyd, sharing a video of his daughter saying, *"Daddy changed the world."*

"It's been a year since those horrifying 8 minutes and 46 seconds stole George Floyd's life. Today, I am thinking of this clip of his daughter Gianna, and all the young people out there who have seen so much, but refuse to give up hope," she said.

"All of us have a role to play to hold our leaders accountable and speak out about injustice. Let's make sure that 'Daddy changed the world' isn't a fleeting moment online, but a lasting change across the country," Obama continued, concluding

Floyd *"did change the world"* and adding, *"Now it's up to the rest of us to continue changing it for the better."*

The Obama's are just as guilty of spreading racism and hate and they happily do so! It is amazing how people fall for their outlandish lies and manipulation and people refuse to see the truth.

"We The People" need to ignore these American hating racists and take it upon ourselves to start healing as a nation and show people that our nation is not racists nor do we tolerate tyrannical leaders.

Floyd's death was terrible but so was the death of this young lady who was a military veteran killed by police:

REST IN PEACE ASHLI BABBITT- A REAL HERO A 14-YEAR U.S. VETERAN

EDITORS NOTE: It seems everyone wants to know who shot Ashli Babbitt on December 6, 2021, but the real question no one is asking is why was she killed? Their were a multitude of people around Ashli when she was shot so why didn't the shooter kill more people?

Why was Far-Left Antifa/BLM activist John Sullivan posing as a Trump protestor allowed to walk away free? He had a megaphone, inciting mayhem and standing 10 feet from Babbitt when she was shot. Coincidence? Yea, right. Spotter? Just asking.

Secondly, why is it a big surprise to see that the Obamas are Marxist? He was raised in a Communist house hold by both his mother in Indonesia and his grandparents in Hawaii. His grandfathers drinking buddy was none other than Frank Marshall Davis one of America leading Communist. And better known to Berry Soetoro AKA Barack Obama as "Uncle Frank."

As president he endorsed the Black Live Matter Marxist as well as the Muslim Brotherhood. The truth is that the Obamas are racist and support the Marxist ideology.

Assemblymember, District 40

Assembly approves Ramos resolution supporting federal investigation of U.S. Indian boarding schools

July 16, 2021 * Contact: Maria L. Lopez @ 916.712.9854 (Cell)

SACRAMENTO—State assemblymembers approved on Thursday a resolution supporting U.S. Interior Secretary Deb Haaland’s investigation into Indian boarding schools following the grim discovery of more than 1,000 unmarked graves at such schools in Canada. Assemblymember James C. Ramos (D-Highland) introduced HR 60, and the measure was the first proposal endorsed by the newly-formed California Native American Legislative Caucus which Ramos chairs.

Ramos said, *“Students were sent to these schools to coerce assimilation. They were punished for speaking their language and practicing their culture and religious beliefs. They were submitted to poor sanitation, disease, malnutrition and even starvation. Parents were not kept informed about the well-being of their children despite inquiries. Through Secretary Haaland’s investigation we have the opportunity to end the generations-long guessing game about what happened to those who did not return from the boarding schools.”*

Native children were allowed to be separated from their families under the 1819 the Indian Civilization Act. The goal was to force assimilation by erasing Indian culture by separating Indigenous children from their parents and sending them to boarding schools.

Ramos added that a prevailing attitude was that of boarding school proponent, Capt. Richard Pratt: *“Kill the Indian, and save the man.”*

Haaland’s investigation will identify boarding school facilities and sites, the location of known and possible student burial sites located at or near the school facilities and sites, and the identities and Tribal affiliation of children interred at such locations. Investigators will collect and review historical records including those at the American Indian Records Repository and the National Archives as well as school enrollment records, administrative reports, maps, photographs and other documents. Haaland’s team will also formally consult with the Tribal Nations, Alaska Native corporations and Native Hawaiian organizations to determine the nature and scope of the proposed work, cultural concerns, potential dissemination of sensitive information and future protection of burial sites and repatriation of remains in compliance with the Native American Graves Protection and Repatriation Act.

A final report will be issued by April 1, 2022.

HR 60 was approved on a bipartisan unanimous voice vote with 71 Democrat and Republican members adding on as co-authors.

###

Assemblymember James Ramos proudly represents the 40th Assembly district which includes Highland, Loma Linda, Mentone, Rancho Cucamonga, Redlands, and San Bernardino. He is the first and only California Native American serving in the state’s legislature.

ONE JOB TO DO!

Author unknown but the message seemed relevant * Contributed by Franklin Motte, Moreno Valley CA

If everyone would just do their job, imagine what a better world we would have. The United Nations has one job – to maintain peace throughout the world. If you haven’t noticed the world situation since the UN was founded just after World War II, it has done almost nothing to fulfill its charter.

(I’m being kind when I say “almost”). There is not a single instance in almost eighty years of the United Nations of its either maintaining peace or creating it. It hasn’t prevented a single dictatorship or other political entity from committing atrocities or invading other sovereign nations. It has done nothing to reign in terrorism.

Instead, it has become pathetically obsessed with a single Middle East Nation of roughly 9,000,000 people in a world of 7,000,000,000. In the meantime, it has created a bureaucracy of tens of thousands of people getting paid by the nation states, with almost 1/4 of their total budget paid by the American taxpayer.

The U.S. women’s soccer team had one job. To win games. That is their only purpose for existing. In their last match, they not only did not win, they didn’t bother to score a single goal. Maybe if they weren’t so focused on irrelevant and generally wrongheaded wokeness, they could have focused on their one job.

Dr. Fauci had one job, to protect the health of America. Instead he gave out conflicting, from the hip advice throughout the pandemic leading people astray for months and creating a serious confidence gap in how much “science” was behind the “science” he was touting. Also, instead of doing his job, he chose to fund research in Wuhan with American taxpayer dollars leading to the worldwide pandemic, then to lie about it, then to publicly attack the U.S. Senator who rightly called him out for lying about his participation in the Wuhan research.

Teachers in this country have one job, to educate our youth. Instead, led by their politicized teachers union, they have dropped American standards to the extent that our students now rank lower than nearly two dozen other nations.

They have spent decades dumbing down our system, putting the workplace wants of teachers above the educational needs of our children and now, costing our students nearly two years of educational development by refusing to allow their teachers to go back to work and placing Wokeness and Critical Race Theory, two highly irrational concepts anathema to the apolitical expansion of our children’s knowledge and intellectual abilities, above the needs of the children.

Colin Kaepernick had one job, to fulfill his abilities as a quarterback. Instead, he chose to launch an attack on the nation that gave him the opportunity to make millions of dollars to do the one job at which he failed so miserably that even after numerous teams gave him tryouts, he was not fit to be hired even as a third string quarterback

Nancy Pelosi has one job – to lead the entire House of Representatives to do the people’s business. That means working with the President, whomever that is, lending an air of dignity and respect to the office and the government of the United States, building a consensus among the House members, maintaining a sense of order and continuity. Instead, she refused to work with Trump, diminished her office by publicly ripping up his speech in an extraordinarily undignified act, forcing passage of the disastrous Obamacare act without a single Republican vote, without even considering a single one of the numerous proposed amendments that would strengthen the bill and telling the media and taxpayers that they wouldn’t get to know what was in the bill until after it was passed, something she led the house to do

even before the bill was typed up, while the only copy had pencil notations and changes to the text

Harry Reid and Chuck Schumer had one job, to lead the Senate, maintaining a system that has worked through parts of three centuries to incorporate the needs and desires of the entire nation, not just one or two heavily populated states.

Instead, Harry Reid broke the barrier eliminating the right of the minority to filibuster certain appointments, permitting the majority to ramrod appointments through without the duly elected members of the opposing party having the opportunity to have input or serve as a check and balance to overreaching political hubris. Checks and Balances were carefully constructed by our founding fathers to assure a balanced government that would not be controlled by a small group of power hungry elitists.

Harry Reid threw the first hammer at that. Chuck Schumer wants to finish the job by eliminating the 60 vote requirement entirely and playing “reconciliation” games to avoid the 60 vote requirement to install an entire left wing agenda never before contemplated to be part of the reconciliation process. The purpose of the reconciliation process was to take bills that were passed by both the Senate and House with some differences and work out those differences, sending the bill, already previously passed by both chambers, back to those chambers to vote on the “reconciled” bill. It was never intended to be the first vote in either chamber.

If Schumer succeeds in this, if there is not a single Democratic Senator to stand in the way of this disruptive and ultimately divisive conduct, the pattern of government will be changed forever, with whichever party controls the Senate by a single vote being able to pass anything, no matter how onerous, unconstitutional, unamerican or disastrous it might be, like, for example, spending 4

trillion dollars we don’t have on woke programs we neither want nor should tolerate, which will send inflation spiraling and signal the long term economic decline in our economy that will place China firmly in control of the world’s economy.

And his proposal to pack the Supreme Court so that it does whatever the party in power wants it to do instead of acting as a check on political abuse, is also not within his job description.

Cable News anchors have one job – to present us with the news, the real news, the unvarnished news. That hasn’t happened for years. Instead on every cable news station, we get unvarnished opinion. **CNN is the worst offender** never as much as offering an attempt to present the news, presenting only those stories that fit its agenda and only presenting the news their anchors need to act as an intro to their ongoing droning expectation of boring and useless opinion.

When a plumber comes to your house, do you want him to fix your pipes, or do you want to have him provide you with unending nauseating political commentary about subjects of which he has no reason to have any knowledge?

That’s a rhetorical question. Why then, do we need to hear the political opinions of overpaid Hollywood stars, professional athletes and erstwhile musicians? They have one job. It’s not political intervention.

One job. Wouldn’t it be nice if everyone did the one job they were supposed to do?

Marxist, Nikole Hannah-Jones: “Cuba’s A Utopia of Racial Equality”

She is Absolutely Correct, Everyone is Screwed except the Elitists

MY VIEW by *Ernie C. Salgado, Jr.,*

Marxist, Nikole Hannah-Jones, New York Times columnist, the author of the Project 1619 Fable and Professor at Brown University proclaimed that Cuba's socialist government affords residents a utopian form of racial equality unmatched anywhere in the Western Hemisphere.

Last week, spontaneous uprisings erupted across Cuba as residents of the island nation bravely stood up to protest the pains inflicted upon them by the country's oppressive communist regime.

But, somehow America is to blame for the disastrous conditions in Cuba today according to her and her Marxist co-hearts.

Totally unbelievable and truly sad that millions of good American people are buying into this garbage.

Social Security could see biggest cost-of-living raise in 40 years

FOX BUSINESS

Social Security recipients are on track to receive the biggest cost-of-living raise in four decades, driven by the biggest surge in inflation in years.

Should Social Security beneficiaries see a 6.1% increase to their monthly checks next year, it would mark the steepest annual adjustment since 1983, when recipients saw a 7.4% bump.

The Social Security Administration will release the final adjustment percentage in October. The down side is how high will the real inflation go up to? At the current rate and the negative government policies it could be 12%.
